

Seniors Golf League Handicaps Updated after Twin Creeks 9/18/2017 Par: 72

A Differential is the difference between your Gross Score and Par. We will select the best 10 of your last 20 differentials. New member initial handicap counts as a play. Until you post 20 plays we will select the best 50%. Your Handicap is the rounded average of those selected differentials. * indicates the selected differentials used in the calculation.
